EXCELLENCE CRAFTED IN EVERY 3D WOOD PANEL

VRIKSHAT

INSPIRED BY NATURE

Vrikshat 3D Wood Panels were born from 65 years of expertise in wood craftsmanship and a passion for innovative interior design. Beyond creating arrangements that captivate the senses, core elements of the Vrikshat brand identity include our commitment to sustainable practices, reverence for natural beauty, and dedication to ecological responsibility.

Our exclusive 3D wall panels are an endless source of inspiration for original styling of your living spaces. Three-dimensional decorative panels by Vrikshat are recognized among prominent architects and interior designers seeking products to realize bold visions and create unconventional arrangements.

Universal Vrikshat panels beautifully complement residential interiors, creating cozy atmospheres, while perfectly harmonizing with commercial spaces and public areas, emphasizing the prestige of various institutions.

The vision of Vrikshat is to create timeless panels from premium wood species that serve as true interior decorations, enriching aesthetic experiences while remaining highly functional. Today, Vrikshat stands as a hallmark of creative and sustainable design, where visual excellence combines with respect for traditional craftsmanship and environmental.

DIAMOND WOOD PANEL

The DIAMOND Wood Panel showcases a symmetrical 3D design, inspired by a polished diamond cut, built on an equilateral rhombus base. Its precisely angled surfaces enhance light refraction and sound diffusion, delivering striking visual dynamics. Ideal for modern interiors, DIAMOND wood panels add depth, acoustic performance, and refined luxury.

PRODUCT FEATURES

- Thickness: 25 mm
- Material: Solid Wood
- Rhombus-inspired diamond geometry
- Symmetrical facets create depth & reflection
- Elegant, timeless design
- Perfect for repeating wall patterns or accents

WOODS AVAILABLE

Teak • White Ash • Red Oak • Pine • Walnut • White Oak • Thermopine
Ayous • Thermo Radiata Pine • ThermoAsh • ThermoOak • Thermo Ayous
Thermo Frake

PENTA FORM PANEL

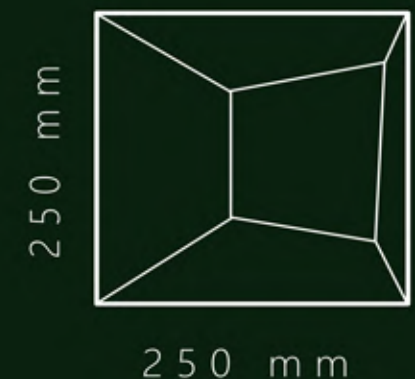

The Penta Form Panel is a 3D wooden decor panel designed within a square frame, featuring five asymmetrical planes angled to create a unique geometric form—an irregular pyramid with a truncated cone. It delivers a visually striking, avant-garde effect when wall-mounted, blending contemporary design with sculptural elegance.

RHOMBUS CROSS

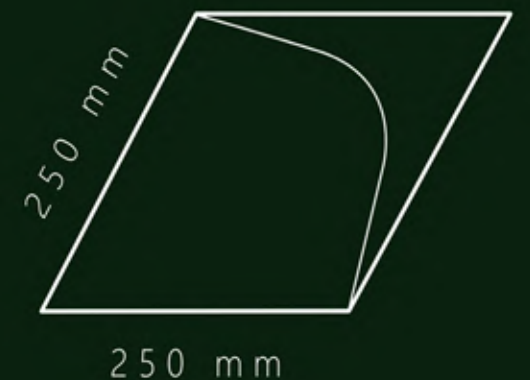

The RHOMBUS CROSS Panel introduces elegance and character to any interior with its 3D rhombus-based design. Its gently sculpted planes, evoking fish scales or flowing dunes, create a unique geometric rhythm. The subtle one-side symmetry brings balance and calmness, infusing the space with harmony while enhancing focus and style.

IMPRINTS

COLLECTION DESIGNED BY VRIKSHAT

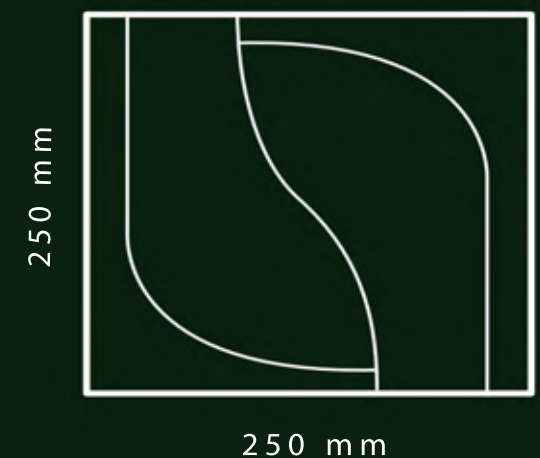

"The subtle thumb-like impressions were inspired by painters techniques - treating the wood as if it is liquid paint leaving impressions that are painterly organic imprints. The three dimensional concave indentations can be reconfigured in many variations to create walls that have depth and texture, playing with light and shadow to give greater depth and dimension to our spaces."

PRODUCT FEATURES:

Thickness: 25mm

- Material: Solid Wood
- Square profile panel
- Inspired by art and nature
- Concave form of the panel
- Possibility to create 2 different themes
- Ease of assembly thanks to the perpendicular form
- Provides greater depth and dimension to the space

WOODS AVAILABLE

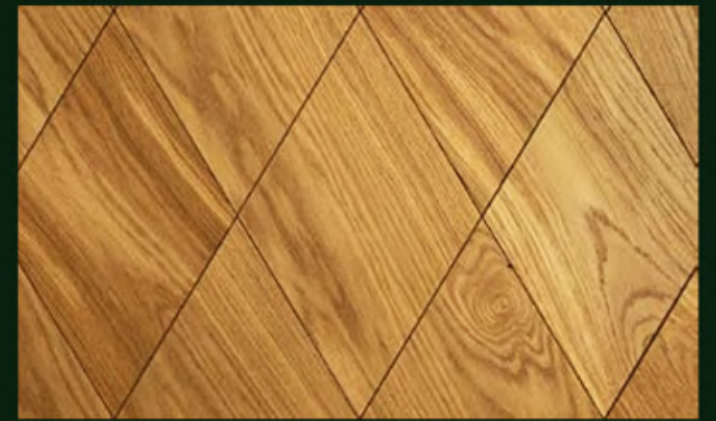

Teak • White Ash • Red Oak • Pine • Walnut • White Oak • Thermopine
Ayous • Thermo Radiata Pine • ThermoAsh • ThermoOak • Thermo Ayous
Thermo Frake

BESPOKE FINISHES

VRIKSHAT
INSPIRED BY NATURE

DIDN'T FIND WHAT YOU NEED?

You want the panels to match the flooring/ceiling/furniture perfectly?

BESPOKE FINISH IS HERE FOR YOU

Share the specific details of the decorative oil, and we'll apply it to finish the panels. Provide a section of the flooring or furniture, and we'll make every effort to find and match the exact hue. If you prefer to finish the panels yourself, you can order raw, sanded panels that are ready for finishing.

You're seeking bold, vibrant colors that make a powerful statement?

CHOOSE VARNISHING

With a full RAL palette at your disposal, we can create panels that precisely align with your preferences and interior aesthetics. Even when completely covered in the selected varnish color, the panels still enable you to admire the unique texture of the natural wood grain.
